Overview

Manali is one of the most attractive tourist spot not only of Himachal Pradesh, but of International fame also. Manali is synonymous with streams and birdsong, forests and orchards and grandees of snow-capped mountains. Manali is the real starting point of an ancient trade route which crosses the Rohtang and Baralacha passes, and runs via Lahaul and Ladakh to Kashmir while a divergent road connects it with Spiti. It is situated at a distance of 45 kms from Kullu. It is situated by the Beas river at a height of 1,926 m above sea level. Floral meadows, gurgling streams, snow-capped mountains, lofty mountain passes, temples and Buddhist monasteries give this tiny town the allure of a fairy-tale setting. There is an interesting legend about Manali which goes to say that Manu, the author of 'Manu Samhita', after the great deluge first stepped on the earth from the celestial boat at a place in this land. The particular spot where he established his abode was the present Manali which is regarded as the changed name of 'Manu-Alaya', the abode of Manu. The temple dedicated to Manu is still existing in the Manali village. Kasol is delightful. This scenic village on the banks of the gushing Parvati River in Himachal Pradesh has an unhurried charm and an infectious vibe of its own. The backdrop of this hamlet is the Parvati valley.
